

Save energy...
and money too!

Get a **FREE** Home Energy Audit!

*The energy we use at home accounts for about 21% of the U.S. global warming pollution.
That means smart choices at home can really make a difference!*

Green your home: Start with a HouseCall

During a HouseCall, trained volunteers will visit your home, performing simple energy-saving upgrades and showing you how to reduce your energy usage.

- Give you 3 free compact fluorescent light bulbs
- Install a monitor to give you constant information on how much energy you are using and what it costs you
- Install a retractable clothesline (if desired)
- Adjust water heater and refrigerator temperatures
- Install low-flow showerhead and faucet aerators
- Provide a folder of local green resources
- **Create a customized energy-saving plan for YOUR home!**

Schedule a HouseCall

Green@Home is offering HouseCalls for residents of:

Cupertino, Menlo Park, Mountain View, Palo Alto, and Redwood City.

The Green@Home program is a **FREE** service offered by Acterra, in partnership with the participating cities.

To schedule a convenient 2 ½ hour appointment, visit

www.acterra.org/greenathome

and click on "Request a Free HouseCall." It's fast and easy!

Otherwise, please call
(650) 962-9876 ext. 350
